

Evolution Policy

Much of modern biology rests on the theory of evolution. The Core Knowledge sequence introduces the theory of evolution in the 7th grade. LCS will adhere to the Core Knowledge sequence. The theory of evolution in relation to human origins will not be taught at this time. In the high school biology class the evolutionary theories of human development will be canvassed. The teaching of evolution is not intended to exclude other theories of human origins and development, such as Creation. Nevertheless, we will not teach these theories but refer students back to their parents.

LCS Policy Adopted: July 18, 2011
